Invite you to a special presentation of the short documentary

# FROSTBITERS

Blizzards, ice-storms, wind chills and freezing waters...sailing? **FROSTBITING!**

*Frostbiters* is a short documentary exploring the extreme winter sailing sport of frostbiting -- where it is done, who does it, and why.

Watch exclusive interviews with top sailors, hundreds of video clips and photography stills from all over the Northeastern United States. See rare footage of sailing, racing, capsizing and swimming in frigid waters. See many of America's top sailors race in some of the harshest winter weather conditions Mother Nature has to offer!

Thurston Smith, the Emmy award winning director and producer of *Frostbiters*, will introduce the movie and answer your questions about making the movie and the sport
